

Course Equivalency Guide
between Ashford University
and Sauk Valley Community
College

For the Catalog Year 2011-2012

Introduction

This Articulation Agreement formally recognizes that Ashford University and Sauk Valley Community College are active educational partners, committed to providing greater educational opportunities and services for students transferring between our institutions. This commitment strongly supports the concept of seamless transfer that embraces the principle that transfer students should not be required to repeat competencies already achieved.

Ashford University and Sauk Valley Community College enter into this Articulation Agreement in the spirit of cooperation and to mutually recognize each other as quality institutions of higher learning. Each institution is dedicated to serving students from diverse populations.

Purpose

The purpose of this Articulation Agreement is to enable Sauk Valley Community College students who transfer to Ashford University to carry with them the credit they have already earned for as much relevant study as possible. This Articulation Agreement provides a structure through which transfer articulation on all levels can be supported. The transfer guidelines outlined in this Articulation Agreement are applicable to students transferring to Ashford University from Sauk Valley Community College only.

Transfer Elements

Sauk Valley Community College graduates with a minimum cumulative GPA of 2.0 entering under the terms of this agreement are guaranteed admission into a Bachelor's degree program at Ashford University provided they meet all admissions requirements for the degree program. The transfer guides outlined in this Articulation Agreement are applicable to students transferring to Ashford University from Sauk Valley Community College during the Catalog year 2011-2012.

Under this agreement, Sauk Valley Community College students transferring with an associate degree with a 2.0 cumulative GPA or higher and recognized as meeting the general education requirement at state universities in Illinois will have met all General Education requirements at Ashford University.

Sauk Valley Community College graduates will not have to repeat lower-division requirements at Ashford University except where major coursework applies. All credits are accepted and applied toward the appropriate university degree(s).

Sauk Valley Community College students transferring without an aforementioned degree will have all college-level academic credit, with a grade of C- or better, accepted for transfer on a course-by-course basis. They may be applied as either an elective, general education requirement, or an exemption or replacement for a required course where applicable. Students may transfer up to 90 Sauk Valley Community College credits.

Sauk Valley Community College graduates will go through Ashford University's transfer process and therefore must meet all applicable requirements and deadlines pertaining to application for admission, orientation and registration, and payment of tuition and fees. They will abide by the policies and procedures, along with any revisions thereof that apply to all students from that institution.

An (*) denotes a total of 3 semester credits are necessary to fulfill the related General Education requirement.

An (**) denotes that this science course must be accompanied by another 1 credit laboratory or 3 credit science course to fulfill the General Education requirement.

» Students must have a minimum of 30 upper-division semester credits to meet graduation requirements.

» Official transfer credit evaluation takes place once a student is enrolled at Ashford University and all official transcripts have been received.

» Courses that meet more than one General Education requirement or direct transfer can only be applied to one area. A course cannot apply more than once unless it carries the required credit.

Credit Articulated for Upper Division Courses

All students must successfully complete a minimum of 30 upper-division credits to graduate. Lower-division courses transferring in to satisfy upper-division courses will not constitute completion of the 30 upper-division credits required for graduation.

Transfer Credit Provisions and Limitations

A maximum number of 6 credits of Physical Education activity and 6 credits of Computer Applications¹ may apply towards a Bachelor's degree at Ashford University.

Courses that meet more than one General Education Requirement can only be applied to one area. A course cannot apply more than once.

A maximum of 9 credits with a "D" grade are transferable as long as the student's cumulative overall GPA is 2.0 or above. "D" credits cannot be applied toward the major or toward General Education competencies.

Transfer credit may not be granted when it duplicates college credit previously earned. Credit will not be given for the same learning twice.

Graduate-level transfer credits cannot be applied to undergraduate degrees.

¹Courses must be taken within 10 years of student's application date.

PHY 213	ENGINEERING PHYSICS	5	S			ELEC		
PHY 221	MECHANICS I (STATICS)	3				ELEC		

An (*) denotes a total of 3 semester credits are necessary to fulfill the related General Education requirement.

An (**) denotes that this science course must be accompanied by another 1 credit laboratory or 3 credit science course to fulfill the General Education requirement.

» Students must have a minimum of 30 upper-division semester credits to meet graduation requirements.

» Official transfer credit evaluation takes place once a student is enrolled at Ashford University and all official transcripts have been received.

» Courses that meet more than one General Education requirement or direct transfer can only be applied to one area. A course cannot apply more than once unless it carries the required credit.

Courses offered at Sauk Valley Community College: 2011-2012 Catalog Year

Course	Course Title	Semester Credit	General Education Areas Met			Elective or NCG	Course Equivalent		
PHY 222	MECHANICS II (DYNAMICS)	3				ELEC			
PHY 246	INTRODUCTION TO CIRCUIT ANALYSIS	4				ELEC			
PHY 247	CIRCUIT ANALYSIS LABORATORY	1				ELEC			
PHY 270	TOPICS AND ISSUES IN PHYSICS	1-5				ELEC			
PSY 100	ORIENTATION	1				ELEC			
PSY 103	INTRODUCTION TO PSYCHOLOGY	3				ELEC	PSY 101		
PSY 200	HUMAN GROWTH AND DEVELOPMENT	3				ELEC	PSY 304		
PSY 211	SUPERVISORY AND MANAGEMENT PSYCHOLOGY	3				ELEC			
PSY 214	CHILD PSYCHOLOGY	3				ELEC	PSY 104		
PSY 215	SOCIAL PSYCHOLOGY	3				ELEC	PSY 301		
PSY 217	ABNORMAL PSYCHOLOGY	3				ELEC	PSY 303		
PSY 273	INDUSTRIAL/ ORGANIZATIONAL PSYCHOLOGY	3				ELEC			
QLT 100	TOTAL QUALITY CONTROL	3				ELEC			
QLT 101	ISO 9000	3				ELEC			
QLT 102	FUNDAMENTAL STATISTICAL CONCEPTS	3				ELEC			
QLT 104	INTRODUCTION TO QUALITY CONTROL	1				ELEC			
QLT 106	METROLOGY	2				ELEC			
QLT 110	OVERVIEW LEAN MANUFACTURING	0.5				ELEC			
QLT 111	VALUE STREAM MAPPING	1				ELEC			
QLT 112	5S SYSTEM FOR SHOP	0.5				ELEC			

Courses offered at Sauk Valley Community College: 2011-2012 Catalog Year									
Course	Course Title	Semester Credit	General Education Areas Met			Elective or NCG	Course Equivalent		
QLT 113	SINGLE PIECE FLOW/PULL KANBAN SYSTEMS	0.5				ELEC			
QLT 114	QUICK CHANGEOVER/SETUP REDUCTION	0.5				ELEC			
QLT 115	CELLULAR MANUFACTURING	0.5				ELEC			
QLT 201	ADVANCED STATISTICAL CONCEPTS	3				ELEC			
QLT 204	SELF-DIRECTED WORK TEAMS	3				ELEC			
QLT 205	DESIGN OF EXPERIMENTS	3				ELEC			
RAD 184	RADIOLOGIC TECHNOLOGY CLINICAL	3				ELEC			
RAD 185	RADIOLOGIC TECHNOLOGY CLINICAL EXPERIENCE II	3				ELEC			
RAD 186	RADIOLOGIC TECHNOLOGY CLINICAL EXPERIENCE III	2				ELEC			
RAD 191	TECHNICAL NURSING I	1				ELEC			
RAD 192	TECHNICAL NURSING II	1				ELEC			
RAD 194	INTRODUCTION TO RADIOLOGIC TECHNOLOGY	5				ELEC			
RAD 195	INTERMEDIATE RADIOLOGIC TECHNOLOGY	5				ELEC			
RAD 196	ELECTRICITY FOR RADIOLOGIC TECHNOLOGISTS	2				ELEC
